## Missouri Fair First In Three Years Now On

### High Type Exhibits Entertainment, Service Men And Women Be Guests

The 43rd Missouri State Fair, the first held since 1942, opens this morning to continue for eight days and nights. Gates open at 8:00 o'clock.

The custom that has prevailed the past few years, no passes, everyone pays, will again be carried out. That is, everyone but men and women in uniform who will be admitted free. This does not mean they are to receive free tickets. It means they will be guests of the State of Missouri on the fair grounds, during the exposition.

Governor Phil M. Donnelly, at Jefferson City, after conferring with John W. Ellis, Commissioner of Agriculture by telephone, made the following announcement Saturday afternoon:

"Out of courtesy to the men and women in the armed forces of the United States, I hereby declare that all men and women in uniform shall be passed through the general admission entrance gates of the Missouri State Fair grounds, Sedalia, for the duration of the 1945 exposition, August 18 through August 26.

"This is the least the State of Missouri can do at this time to make available to all military and naval personnel, included in which are the army, navy, marines and coast guards, within our borders, the maximum facilities for relaxation and entertainment."

**Governor Approved Proposal**  
Col. Jerome B. McCauley, commanding officer of the Sedalia Army Air Field, conferred with Mr. Ellis and Ernest W. Baker, secretary of the fair, and after their discussion, Governor Donnelly was called and he approved the proposal.

Governor Donnelly's announcement stated further that the privilege specifically applied to men and women in uniform only, and that such persons would not be excused from paying the usual automobile sticker fee, should they desire to drive a car through Fair gates.

Saturday there was the usual hustle and bustle of the day before opening. Trucks and cars conveying exhibits to the different buildings, workers making last minute arrangements for displays, concessions and booths, all anticipating record crowds today.

## Steps Proceed For Memorial

### Ballot For Expressions From War II Veterans

A suitable memorial to those of World War II is to be chosen by the men, women in the service and veterans of World War II by means of a ballot which appears elsewhere in the Democrat-Capital. This means of making a decision on the memorial was decided recently by a Memorial Committee after considerable discussion on two proposals.

The committee in announcing the citizens of Sedalia and Pettis county are desirous of erecting a suitable memorial to be dedicated to those who participated in World War II, held several meetings in trying to make a decision as to what would be suitable.

**For Recreational Center**  
Various members of the committee offered a recreational center in which was included a stadium for football, baseball and other athletics, tennis, croquet, handball, volleyball courts, swimming pool and sufficient grounds for picnics. Other offered a proposal for a memorial building, which would serve as a memorial and also a City Hall. Housed therein would be various city offices, an auditorium, small rooms for meetings and a kitchen equipped to serve convention crowds.

With a division over the two proposals, the committee then decided to draft a ballot to be submitted to those in the armed forces, both men and women, and to the veterans who have returned and let them vote on both with the idea in mind that if a goodly percentage of those in the service and veterans responded to this method, the committee would be so guided.

The Memorial Committee is composed of representatives from the various patriotic organizations of Sedalia and Pettis county and the Round Table Council of the Sedalia Chamber of Commerce.

The service man, woman and veteran is to take the ballot, mark it by placing an (X) in the square opposite the proposal he or she favors, then sign his or her name, age and serial number. It is also suggested to give their address in Sedalia or Pettis county.

## President Asks For Work V-J Day

WASHINGTON, Aug. 18.—(AP)—President Truman asked today that V-J Day, when it is proclaimed, be a day of work and not a holiday.

Secretary of Labor Schwelbach said in a statement that this was the President's desire because of the widespread observance of Aug. 15-16 as holidays and "in view of the urgency of reconversion."

At the same time, Schwelbach announced that the President has issued an order substituting Aug. 15-16 for V-J Day in the list of days for which premium pay is required for war workers.

An earlier order had been interpreted by some officials as making Aug. 15-16 legal holidays and also making V-J day a "premium pay" day. This order, issued last Tuesday night, was described by President Truman later as having been released through mistake.

Tonight's order was in the form of an amendment to the Tuesday order.

"The amendment does not make Aug. 15, 16 legal holidays," Schwelbach explained, "and only applies to war workers x x x performing work for prime contractors and subcontractors on government war contracts and those who make the materials and supplies necessary for the performance of the contracts and subcontractors."

## 'Jap' Troops Are Laying Down Arms

### Thousands Still Fail To Obey The 'Cease Fire' Order

By ROMNEY WHEELER  
LONDON, Aug. 18.—(AP)—Japanese troops laid down their arms in growing numbers in Manchuria today while Soviet spearheads swept within 70 miles of Hsinking, puppet capital of Tokyo's stolen empire and plowed out gains of 19 to 67 miles toward Harbin. Moscow's war bulletin, although ambiguous, indicated that more than 25,000 enemy troops gave up the fighting during the day for a two-day surrender total of 45,000.

But thousands of other Japanese troops had not obeyed the "cease fire" order. The Russian army newspaper Red Star estimated there were more than 1,000,000 crack Japanese soldiers in Manchuria, Korea, Inner Mongolia and southern Sakhalin Island.

Slashing forward on three fronts Soviet columns narrowed to 255 miles the closing pincers that threaten to split Manchuria in two, outflanked the old capital of Mukden and drove within 145 miles of Harbin, great central Manchurian arsenal city.

**Compliance Indicated**  
Meanwhile at the headquarters of Soviet Far Eastern Commander Marshal Alexander M. Vasilevsky—presumably at Khabarovsk—conferences were believed in progress with Japanese surrender emissary who was picked up by a Soviet plane today at Harbin.

This envoy, identified in a Khabarovsk radio broadcast as "General Hata," was believed making arrangements for the complete surrender of Gen. Otozo Yamada's Keantung army in compliance with a Soviet ultimatum to lay down arms by noon Monday.

Surrenders thus far have been the unorganized capitulation of small Japanese groups and units. A total of 20,000 laid down their arms yesterday. Tonight's war bulletin reported that the "number of Japanese troops surrendering has slightly increased."

In the area of Hulun (Hailar), 400 miles northwest of Harbin, an encircled Japanese garrison of 5,000 men surrendered with their commander, Maj. Gen. Namura. On Marshal Kirill A. Meretskov's First Far Eastern army front east of Harbin "units of the Third Japanese army have commenced laying down their arms and surrendering," Moscow said.

## Clemency Denied Condemned Slayer

PORT LEAVENWORTH, Kas., Aug. 18.—(AP)—The Fort Leavenworth Public Relations Office today announced that President Truman has denied executive clemency to Pvt. Edward J. Reichl of Chicago, held in the U. S. disciplinary barracks here under sentence to hang for the death of an army sergeant.

Pvt. Reichl was sentenced by a court martial for firing a rifle while intoxicated, fatally wounding a sergeant at Hamilton Field, Calif., Nov. 17, 1943.

The date of execution has not been announced.

## About 140,000 Await Liberty

### That Number Of Allied Nationals Held As Prisoners

By JAMES HUTCHESON  
MANILA, Aug. 18.—(AP)—Prisoner of war and internment camps scattered from Manchuria to Singapore and the Netherlands Indies as many as 140,000 Allied nationals may be awaiting liberation after completion of Japanese surrender negotiations.

A summary of the prisoner of war and internment situation released by the American Red Cross here today said that of 200,000 Allied nationals confined, probably 50,000 died in camps or on torpedoed ships. Most of these fatalities involved prisoners of war. Approximately 10,000, mostly civilians, have been repatriated or liberated.

More than 33,000 prisoners and internees are Americans; nearly 100,000 are British, Australians and Canadians, and the remainder Dutch.

(A British foreign office commentator quoted the Swiss charge d'affaires as saying 6,800 Allied nationals—including 650 Americans—were liberated by the Japanese in the Shanghai district Aug. 15. He said the Swiss intermediary at Shanghai had advised the liberated persons to remain temporarily in camps because of transportation and "internal" difficulties.)

Heading the list of imprisoned Allied nationals is Lt. Gen. Jonathan Wainwright, last reported held in Manchuria with 200 high ranking American officers and 1,200 enlisted men. They are believed held in one or two camps. Some of them undoubtedly are survivors of the "March of Death" from Bataan.

Another famous American name among the prisoners is Col. J. T. Devereux, Marine commander of Wake Island, who gained military immortality by his dramatic "send us more Japs" response to a query as to the needs of the beleaguered Wake garrison.

The Red Cross said approximately 50 camps deteriorated, especially during increased bombing attacks.

### Agricultural Adjustment Agency Into History

WASHINGTON, Aug. 18.—(AP)—The Agricultural Adjustment Agency—early new deal agency which paid billions of dollars to farmers for curtailing production—passed into history today.

It was dropped from the lexicon of governmental agencies in a reorganization of the agriculture department announced by Secretary Anderson.

## Sanction War Refugees Aid

### UNRRA Council Overrides Dissent Of Four Countries

By FLORD LEWIS  
LONDON, Aug. 18.—(AP)—Overriding the dissent of Russia, Poland, Yugoslavia and Czechoslovakia, the Council of the United Nations Relief and Rehabilitation Administration today sanctioned aid for war refugees who wish to remain in exile.

The 28-to-4 vote in an open plenary session was taken after opponents charged the step would involve UNRRA in explosive European politics.

Delegates from Yugoslavia and Poland declared that if UNRRA cares for persons unwilling to be repatriated, the organization would be violating a rule against mixing in the politics of member countries.

Russia, Poland, and Yugoslavia declared they "reserved full rights," meaning they kept the right to consider the measure important so far as they were concerned.

Yugoslav amendments which would have imposed tight restrictions on relief to non-repatriates had been defeated earlier in a stormy committee meeting. One of these proposals would have required displaced persons unwilling to go back to their own countries to live in camps.

Director General Herbert H. Lehman was said to have declared the Yugoslav amendments would make the UNRRA administrative job "impossible." Some delegates took this to mean he might have resigned if the proposals had been accepted.

### Reply To Charges

Answering charges that relief to refugees wishing to stay in exile would become a method of political interference, British Minister of State P. J. Noel-Baker declared he considered the resolution would keep UNRRA out of politics.

Noel-Baker and Assistant Secretary of State Will Clayton, the American delegate, appealed for a unanimous vote but the four opposing nations refused, and three of them then declared they reserved full rights.

Yugoslavia's Nikola Petrovic asserted a direct result of the resolution might be "an increase in those who do not wish to return," and that it might "encourage unsound and adventurous elements to remain abroad."

Another Yugoslav, Rudolf Bicanic, said "from our viewpoint, the question hangs on a few hundred Yugoslavs in Italy. We don't consider them a menace to Europe."

## John W Snyder Will Direct On Reconversion

### President Puts Punch Into The Peace-Time Aims

By JAMES MARLOW  
WASHINGTON, Aug. 18.—(AP)—President Truman late today threw the whole weight of government behind America's rushing drive into the peace-time future.

Mr. Truman issued a directive which, rounding up and formalizing all he had said during the week, told his department and agency heads they must:

"Move as rapidly as possible without endangering the stability of the economy toward the removal of price, wage, production and other controls and toward the restoration of collective bargaining and the free market.

This directive came some hours after one of the highest officials in government had said the sudden Japanese surrender found this nation caught "in the woods."

**John W. Snyder To Direct**  
This, in effect, is what Mr. Truman said:

1. The whole government must do all it can to help the change-over to peace.

2. Prices must be controlled but, just as in wartime, they can be eased to adjust cases of hardship or inequities.

3. The entire effort will be under the control of Reconversion Director John W. Snyder who earlier in the week said the problem ahead called for "no minding of the woods." He'll coordinate all the efforts.

4. Bosses can give wage increases which do not involve price increases and the war labor board will continue for a time to handle labor disputes which interfere with reconversion just as it handled those blocking the war.

Four days after the sudden ending of the war with Japan one of the highest government officials frankly said:

"We don't pretend to have any master blueprint charting every action for the future. That's impossible."

"Our job is to get out of the woods—where we found ourselves when the surrender came—and the first thing to do is tackle the trees right in front of us."

**Job Up To Public**  
"The public has to do this job. The government can only help."

Here is the picture of what has been done in this historic week and what is expected:

War contracts are being cancelled right and left. Congress will come back in September to consider a bill intended to create full employment. President Truman says it's a "must" measure.

Millions of men will come pouring back into civilian life out of the armed services in the next 12 months. They'll get first crack at jobs. The draft is finished for men 26 or over, goes on for these under 26.

Food will become more plentiful, but not all at once. Clothing will become more plentiful, too, but gradually, picking up by Christmas. There may be no coal shortage this winter, the army says but the solids fuels administration is not so sure. Gasoline is not rationed any more.

Rent controls will continue and OPA Boss Chester Bowles says price controls will continue on food while he tries to reduce prices on clothing.

He wants to see that things like automobiles, electric irons and other goods come back on the market "at or close to" the prices for which they sold in 1942.

Meanwhile the government called upon farmers for "all out" production because of the food needs here and abroad.

Gasoline—rationing of gasoline ended almost with the Japanese war. And the government said better grade gasoline will soon be available—it authorized greater production of it.

Sugar—still to be rationed to some time.

Stoves—not rationed anymore. Tires—more of them but still to be rationed.

Shoes—still to be rationed. May end by Christmas.

Contracts—army and navy

## Navy Expects To Release About 100,000 Tires

WASHINGTON, Aug. 18.—(AP)—The navy said today it expected to release approximately 100,000 tires within 60 to 90 days.

## Statements In Broadcasts Not Identical

### In Japanese An Effort Made To Soften Purport

SAN FRANCISCO, Aug. 18.—(AP)—The Domei agency broadcast in English to America today that Foreign Minister Mamoru Shigemitsu informed the Japanese bluntly they were beaten and must face the facts. But Domei later broadcast "the full text" of his asserted "press conference statement" to the orient in Japanese—and it included no such statement.

Both broadcasts were recorded by the Federal Communications Commission.

"Unfortunately, we have to face the fact that we have been defeated," he was quoted in the English language broadcast as informing his press conference. There was no similar quotation in "the full text" beamed to the orient.

Shigemitsu, said another broadcast quoting the newspaper Asahi, has been named liaison man between the imperial government and General MacArthur's occupation forces.

The foreign minister's warning that the people must pay the price for the busting of the imperialistic dream bubble came after four days of evasive, face-saving explanations of the Japanese surrender.

In plain words Shigemitsu recognized defeat and said:

"This fact should be admitted as it is, and any over-optimistic view should be avoided. Every Japanese should repeatedly read, and realize, the terms of the Potsdam declaration and carry them out courageously."

### Says "Price Is Very High"

Shigemitsu told the press "it goes without saying that it is necessary to change speedily our way of thinking." He added that "the price which must be paid for this defeat in battle is very high, but as the consequence of such all-out war, that cannot be helped."

The Domei broadcast, despite the flatness of the foreign minister's declaration, sought to soften the harshness of reality, stressing another statement by Shigemitsu that Japan must win "the world's sympathy and understanding."

Occupation jitters apparently had replaced invasion fears in Japanese minds as Domei quoted an unidentified Tokyo newspaper urging that no attention be paid to rumors that American troops and a Chungking army already had landed in Nippon.

The newspaper urged the people not to credit "irresponsible rumors" but to place their confidence in "reports announced by authoritative sources, the radio and newspapers" and added that "the landing of occupation armies on Japan's mainland will be done in orderly fashion after the conclusion of the truce agreement."

The rumors, said the newspaper, claimed the Americans had landed at Shimoda, southwest of Tokyo, and the Chungking forces had entered Osaka.

Other broadcasts said General Prince Naruhiko Higashi-Kuni, the new premier, had called an extraordinary session of his new cabinet today after discussing "imminent problems" with about 40 "personages" who called at his home.

That word "Bataan" probably sets the entire tone of what is bound to be a tense series of conferences between the Allies and the Japanese emissaries. MacArthur already has given ample evidence that in manner and tone he will not allow the visitors to forget the war's atrocities and the fact that the Japanese have been defeated.

The Japanese, on the other hand, will be undertaking a personally unpleasant mission representing a nation which in all post-surrender statements gave the world the impression it regards

## Road Work To In The Philippines Begin Soon

Plans Complete For Expending Of \$20,000,000

JEFFERSON CITY, Aug. 18—(P)—Missouri's huge \$90,000,000 highway program will be started as soon as congress announces the end of hostilities and makes the federal government's portion of the funds available.

Chief Highway Engineer Carl W. Brown announced this Friday at a press conference in which he told newsmen that plans have already been completed for \$20,000,000 of the work. He also announced department personnel switches approved this week by the state highway commission in readying the staff for the big highway building job.

The construction program, to be spread over a four-year period beginning as quickly as possible, will bring \$43,121,193 in federal money into use in construction of federal highways' farm to market and supplementary roads, and for highway construction in cities of more than 5,000 population. The state will match these funds.

This is the first time that such funds have been made available for road work in cities. A recent federal law allows use of 25 per cent of the government's matching road funds for such construction and Missouri's 1945 constitution now permits use of state money for such purposes.

Brown said bids could be asked on projects totalling nearly \$20,000,000 as soon as the war emergency is declared over, but he did not indicate whether the first projects would be located.

He said the program, with a major plan of providing employment for returning servicemen, would probably mean jobs for 2,000 permanent employees in the highway department aside from the jobs opened when project contractors start hiring workmen.

The department now employs some 1,100 persons, including planning, office and maintenance staffs. Normal payroll before the war, Brown said, was about 1,700. Of the 300 department employees who have been or still are serving in the armed forces, Brown said he expected only a portion to return to work although their jobs will remain open for them until he finds they do not want to come back.

## He Dodged The Japs

Cletis L. Phegley, 23, aviation radioman, third class, USNR, Frisbee, Mo., has returned on leave from a tour of aerial gunnery duty in the Pacific during which he was snatched from beneath the very noses of the Japs by fellow airmen who spotted him after he and his Helldiver bombing plane pilot had been shot down a half-mile off Japanese shores. He and his pilot, Ens. John Morris, USNR, were circled by 26 fellow members of Air Group 12 who flew a total of 156 hours in the operation, carried out more than 200 miles away from their carrier. In the course of the rescue, two Jap destroyers were driven off by machine gun fire, two Jap tankers were bombed and strafed when they tried to reach the downed men. One of the tankers later blew up after retreating to the shelter of the pier. A Jap bomber which tried a strafing run on the tiny raft was sent flaming into the sea several hundred yards short of its objective. Phegley is the son of Mr. and Mrs. Jesse H. Phegley of Frisbee. He attended Warsaw (Mo.) high school and was employed in a shoe factory before entering the Navy in July, 1942.

# Dodgers Loose; Cubs Stretch League Lead

## Reds And Braves Score 14 Runs For Big First Inning

Chicago 7, Brooklyn 3  
BROOKLYN, N. Y., Aug. 18.—Paul Derringer went the route to register his 14th victory as the Chicago Cubs defeated the Brooklyn 7 to 3 today to make it three out of four in the series.

The win enabled the Cubs to strengthen their first place lead to six and a half games over the St. Louis Cardinals, held idle by the schedule. Vic Lombardi, who started for the Dodgers, was ineffective, yielding five runs and ten hits in his seven innings on the mound.

Don Johnson, Heinz Becker and Andy Parko led the Cubs hit attack with three hits apiece.

The Dodgers disclosed that Manager Leo Durocher was fined \$75 and Eddie Stanky second baseman \$25 by Ford Frick, National League president, for their part in the violent protest against a decision by Umpire Tom Dunn on Friday.

New York 6, Pirates 0  
NEW YORK, Aug. 18.—The New York Giants made it three out of five in the series with the Pittsburgh Pirates today when Salvator Maglie, rookie right-hander, held the Bucs to three hits and shut them out, 6 to 0.

The second hit off Maglie, which came in the ninth inning, was a grounder which hit a pebble or clod of dirt and bounded over the head of Hausmann. Otherwise it would have been an easy out. The singles by Dahlgren in the first and Barrett in the ninth, however, were clean hits.

It was Maglie's second successive major league victory, he having defeated the Reds in his debut earlier this week.

Boston 13, Cincinnati 10  
BOSTON, Aug. 18.—(P)—The 16-hit, 14-run first inning was the biggest opening frames of the Braves field season as the Boston Braves took the Cincinnati Reds 13 to 10 today in the deciding game of the five-game series.

There were eight errors during the slugfest as the Braves collected 17 hits off six Cincinnati pitchers, while two Boston moundmen allowed 16.

Al Liske was converted from a right fielder to a pitcher for the last two innings and he did as well in his unaccustomed position as his Cincinnati predecessors.

Cincinnati got five runs on seven hits in the first inning—six of the hits off Al Javery and one off Johnny Hutchings. Eric Tipton's fourth homer of the season contributed three of the runs, bringing in Woody Williams and Frank McCormick.

Nine Boston runs on nine hits, including a homer and a single by Morris Aderholt, put the Braves right back in the running.

# Wrestling At State Fair On Friday Night

## June Byers, To Meet Elviry Snodgrass In The Main Event

## Missouri State Fair Wrestling Card

Main Event  
June Byers, 155, Dallas, Texas, vs. Elviry Snodgrass, 165, Smoky Mount, Tenn., best two out of three falls, 90-minute time limit.

Semi Final  
Don McIntyre, 225, Sedalia, vs. Jerry Meeker, 235, Columbus, Ohio, best two out of three falls, 45-minute time limit.

Special Event  
Sonny Myers, 215, St. Joseph, Mo., vs. Marshall Stepp, 215, Sturgeon, Mo., one fall, 30-minute time limit.

Place—Fair Ground Coliseum, Sedalia, Mo.  
Date—August 24.  
Time—8:30 p. m.

Women wrestlers, who draw capacity crowds every place they appear, will headline the Missouri State Fair mat card Friday night, August 24, at the Fair Grounds Coliseum.

June Byers, Dallas, Texas, blaster will meet Elviry Snodgrass of Smoky Mount, Tenn., in a best two out of three falls match with a 90-minute time limit. Each is a name star, and thoroughly experienced. Miss Snodgrass got her professional wrestling start in some of the smaller mat spots in Missouri after "scuffing" as an amateur down in her native Tennessee hills. Rugged physically and with more than a fair understanding of the fundamentals of the sport, Elviry can and does get rough at the least provocation.

And Miss Byers is fully capable of taking care of herself. The Texas girl has never been anything but a rougher. "I got my first training along that line and it is the way I like to operate," she explained. "I know the holds but I'd rather just stand back and swing on one."

The men's feature will bring Don McIntyre of Ottaville into action against Jerry Meeker, one of the roughest of the male stars. McIntyre is making a comeback in the sport after serving in the navy, where he gained the rating of chief petty officer. Right now he is at the peak of his mat career.

Meeker has been campaigning for years out of Columbus, Ohio, and is rated one of the most dangerous men in the sport. Meeker suffered a severe head injury on the West Coast three years ago and the enforced rest was apparently just what he needed. He took on weight while he was out of action and came back with enough displacement to contest the biggest of the heavyweights on equal terms.

Missouri fair fans will see one of the most promising of the younger wrestlers when Sonny Myers of St. Joseph engages Marshall Stepp of Sturgeon, Mo., in the special events. This is only the second professional season for the boy from northwest Missouri, but he is already being hailed by mat critics as a comer. He has size, speed and the will to win.

In Stepp, Myers will be meeting a grappler who is thoroughly experienced. Marshall campaigned successfully for years among the junior heavyweights but is now sporting 215 pounds and a desire to gain top ranking with the bigger men.

An amateur boxing show, featuring fighters from Kansas City and Chillicothe, will be held in the Soiseum on Saturday night, August 25.

Both cards will be presented by Simon Kalis and Gust Karras, well-known Mid-West promoters and match makers.

The crowd of 21,000 made undefeated Spy Song, seeking his fourth consecutive victory, 1 to 5 favorite. Spy Song finished fifth. The result produced some astonishing mutual payoffs.

Revoked paid \$41.80, \$16.20 and \$20.40. Norman W. Church's Safe Reward, which finished four lengths behind Revoked in second place, paid \$18.40 and \$23.80 and Mrs. Louise Donovan's Fighting Frank, which was three quarters of a length farther back in third place returned \$22 to show.

# MTS To Play Jr. Legion Here Today

## Livengood On The Mound For Sedalia; May To Third Base

The Junior Legion baseball team, sponsored by Pettis County Post 16, is taking the field today to meet the Missouri Training school baseball team from Boonville, at Liberty Park. The game is scheduled to start at 2:30 o'clock.

Boonville has a good record for the season and has been playing some good baseball. According to information received here the team is expected to give the local aggregation a hard game. Although the team did not participate in any district tournament or league games, it has been playing independent ball throughout Central Missouri and has produced some outstanding games.

Manager William Walker announced he would start Livengood on the mound this afternoon with Gene May going to third base, while the first sack will be handled by Ralph Walker. The remainder of the lineup will be as usual.

Schumaker will receive, Gary Tuggle at second base, "Buddy" Thomas playing short stop, his last game before leaving for New York where he will play in the All-American Boy's ball game, Momborg or R. Waters in left field, Joe Waters in centerfield and Calvin Rodgers, Jr., playing right field.

The local aggregation is endeavoring to schedule games with Springfield Jr. Legion as well as the Kansas City district Legion champions whom they defeated in an extra inning contest in the State tournament. The dates for these two games have not been definitely settled.

# Merchants Journey To Higginsville Today

The Sedalia Merchants baseball team will leave at 11:30 o'clock this morning for Higginsville, Mo., where they are scheduled to play this afternoon at 2:30 o'clock in the third game of the series between these two teams. Lefty Hal Green will be the Sedalia pitcher with John Thomas in reserve. The following players will make the trip: Livengood, Light, Evans, Ellsworth, Morris, Shirley, Nichols, Williams, Thomas, Norman and Green.

# Sport Scraps

(By D. K. SCRUTON)

THE surrender of Japan in the past few days has taken the place of nearly everything else in our minds, but we still have a problem on our hands in Sedalia. The problem still rests in the decision of our men and women who are in and who are now out of the armed service—it is a proper Memorial to our Sedalia and Pettis counties of World War II.

In today's paper we are carrying a ballot. This ballot is to the service men and women, both in the service and out of the service. It is for them to make a decision as to whether they desire a city hall with convention facilities and other rooms for the convenience of exhibitions and displays, or want a recreational program which consists of the building of a Memorial Stadium where football, baseball and other athletic games can be played, a swimming pool, tennis court, and other game courts to be used for all.

This ballot must be voted by placing an (X) or some check mark in the square opposite the proposal they so desire. The voter must sign his or her name, with serial number, and address. It would be good to also give your home address in Sedalia.

If all men and women who are in the service and those who are out of the service will vote on this proposition—IT IS THE FAIREST WAY for we people at home to have our minds made up on how to honor those of World War II.

A committee from various patriotic organizations and the Round Table Council of the Sedalia Chamber of Commerce recently met and discussed the proposals at length and it was decided that this method should be taken for the participants in World War II should have an opportunity to express their preference.

OF course, I personally favor the Memorial Stadium and recreational program, while others favor strongly the second proposal. It is my opinion the recreational program should be chosen, for so many reasons; they are too numerous to mention, inasmuch as I have written from time to time on the proposal and have received numerous letters from those in the service favoring it.

I think Sedalia should have the new City Hall, it is badly needed. However, correspondence I have received from those in the service indicate to me they would appreciate much more a recreational center with a stadium etc., than a public building as a tribute to them. The memorial to honor these people who have given so much, should be in the form of something that will build our generations to come.

Athletics are something which must be had to build our youth, to bring together our youth, and to train them in cleanliness and physical fitness.

We are in dire need of a new swimming pool; that has been proven over the past few years. The one we now have is anything but a credit to a city our size, it is too small for one thing and does not accommodate the masses.

I recall a bond election was held and voted for a new city hall, and with a few changes this bond issue will take care of the need for a city hall, convention meeting place, and auditorium. Therefore I do not see why we should shove this off on our men and women in the service as their memorial.

Regardless of how you men and women feel, vote this ballot and send it to the Chamber of Commerce and show your own interest in the proposals.

I am glad sporting events are being brought back to Sedalia. The district softball tournament is to be held at Liberty Park sponsored by the Missouri Pacific Eagles. This tournament is to be held the week after the fair and should receive the attention of all you sport fans.

The Eagles are entering the tournament, and have better than an inside chance of winning or being a runner up team. This team alone has done much to revive softball in Sedalia and has given an excellent showing this season; it has won twenty-four games against three losses.

Cooperation by the Eagles with other local teams has been gratifying. They have made it possible to turn on the lights of the Liberty Park baseball park, invited other local teams to play and encouraged them in scheduling other teams, giving way to any team which desired to have the lights on any particular night.

Not favoring the Eagles over any other Sedalia team, but because of their showing this year, I do hope they will go to St. Joseph to the State tournament if they should be successful in winning.

Incidentally the runner-up team is also invited to the State tournament, so two teams will make the trip from this district tournament.

# Browns Set Yanks Back; Winning 3-1

## Third Place Chicago Hammer Out 16 to 1 Victory Over Boston

Browns 3, Yanks 1

ST. LOUIS, Aug. 18.—(P)—The New York Yankees reached a new low today, dropping their ninth game in a row, a 3-1 decision to the St. Louis Browns, their longest losing streak in the 15 years they have been managed by Joe McCarthy.

Making their final appearance in the Mound City, the Yankees were practically helpless before the two-hit pitching of Southpaw Weldon West, who missed a shut-out when the Yankees scored in the ninth. It was the Browns' 11th win over the Yanks in 15 games.

George Stinnweiss, the first batter to face West, singled, and it was not until Nick Etten drove in Frank Crossetti in the final game that the Yankees hit safely again.

George McQuinn, Browns first sacker, drove in the first St. Louis run in the opening frame with the first of his four straight hits. He scored the second run in the sixth, tallying on Vern Stephens' one-baser, the Browns' last run came in the eighth when Gene Moore followed McQuinn's fourth safely with a triple.

Immediately after the game, the Yankees rushed to catch a train for Chicago where tomorrow, they will welcome back Charlie Keller to the fold.

# Chicago 16, Boston 1

CHICAGO, Aug. 18.—(P)—The third place Chicago White Sox, who have been burning with a bit on pennant fever the past two weeks, got behind the six-hit pitching of Eddie Lopat today to hammer out a 16-1 victory over the Boston Red Sox before 4,058 fans.

The Sox, off to a two-run lead in the third inning, blasted the offerings of Randy Heflin and Clem Hausmann for three doubles and two triples, along with 11 singles, to smother the Red Sox as Jimmy Dykes' charges won the fourth victory in the five-game series.

Lopat, meanwhile, was coasting along with one of his best pitching jobs of the year as he won his eighth victory.

# Cleveland 7, Philly A's 4

CLEVELAND, Aug. 18.—(P)—The Cleveland Indians swept a four-game series from the hapless Philadelphia Athletics today with a 7-4 victory behind the eleven-hit pitching of Jim Bagby and some powerful plating by Dutch Meyer and Les Fleming.

It was the seventh straight win for the Tribe and the 18th in the last 25 games.

Tight fielding backed up Bagby's triumph as the Indians recorded five double plays.

Luther Kneri was tagged for the loss before he was relieved by Jonas Berry in the Fifth. It was Kneri's tenth defeat against two wins.

# Washington 11, Detroit 5

DETROIT, Aug. 18.—(P)—Four Detroit errors helped the Washington Senators to an 11 to 5 victory over the Tigers today as the surging Nats clipped Detroit's league lead to a game and a half.

Six Washington's runs were unearned as the Senators took advantage of every scoring opportunity, chasing Al Benton to the showers for this straight time and continuing the runaway at the expense of relief pitchers George Caster and Walter Wilson.

Roger Wolf, Washington knuckle-baller, coasted to his 14th victory, giving 13 hits—nine of them in the last four innings after the Senators had grabbed a 6-3 lead.

Washington had a dozen hits— one less than the Tigers—but Detroit pitchers walked five batters and hit another and all six of them scored.

# Fred Haas Leads The Memphis Open

MEMPHIS, Tenn., Aug. 18.—(P)—The hot putter of Fred Haas, Jr., scorched a new course record today and sent the 30-year-old New Orleans amateur into a two-stroke lead at the three quarter point of the 72-hole Memphis open golf tournament.

The Louisiana insurance salesman, using only 23 putts, blazed around the Chickasaw course in 64 strokes, eight under par, to hang up a 54-hole total of 202 and leave the game's top professionals strung out in the rear.

Haas' card bettered by one swing the 65 set yesterday by another amateur, Bob Cachran of St. Louis, who after leading through the first two days fell off the pace and dropped to third place, three strokes back.

At that, the record score was almost duplicated by Toledo's Byron Nelson, who rallied from a poor second round to ring in a six-under par 66. The umbrella man said yesterday he had "no fight left," but he showed plenty

# Bob Feller Back To Indians Soon

GREAT LAKES, Ill., Aug. 18.—(P)—Bob Feller of the Cleveland Indians, who pitched for Uncle Sam—literally and figuratively—since Pearl Harbor, will be whizzing his fast ball past American leaguer batters any day now.

Commodore Robert R. M. Emmet of the Great Lakes Naval Training Station disclosed today that Feller was eligible for release under the navy's point discharge system and soon would be transferred to a demobilization center.

The 26-year-old right-hander, who led the American league in victories, strike-outs and innings pitched in the three seasons prior to his enlistment on December 11, 1941, is in tip-top shape from his manager-player activity on the Great Lakes baseball team.

With Walker Cooper, former St. Louis Cardinal catcher, his battery-mate, Feller has averaged 10 strike-outs a game for his Blue-jackets and recently pitched a no-hitter against the Ford All-Stars of Dearborn, Mich.

## Emissaries Of Japs To Parley On Surrender

(Continued From Page One)

itself as proudly right and only temporarily defeated.

It was believed here that delays in the envoys' trip to Manila had been made to allow time for emperor's representatives to confer with continental generals of the Japanese forces on surrender. They therefore are expected to carry information on the military attitude in Manchuria and China.

### Col. Dawson To Enter Plane

MacArthur's headquarters said Colonel Dawson, MacArthur's personal interpreter, would first enter the emissaries' plane when it reached Manila.

The Japanese will then leave the plane in order of their rank, proceeding a short distance to where Maj. Gen. Charles A. Willoughby and the remainder of the Allied party—their names as yet unannounced—will be standing.

After what will probably be brief greetings, the emissaries will enter waiting automobiles to be driven a few miles to their small, separate quarters adjacent to the high-ranking staff residence, the Admiral hotel on Dewey boulevard.

Lt. Col. Richard B. Powell, executive press relations officer, said it had not been finally determined whether General MacArthur would meet the Japanese envoys tonight. Arrangements have remained flexible so that the meeting can be held tonight in event the emissaries arrive early. Headquarters indicated, however, that the meeting between the Allied supreme commander and the envoys of his defeated enemy probably would be delayed until Monday morning.

Credentials of the envoys will be examined tonight.

Major General Willoughby, who heads the Allied party designated to greet the envoys, is a veteran of Corregidor and is MacArthur's intelligence officer. Speaking several languages, including Japanese, he is regarded as one of the best informed officers in this war theater on Japanese militarism. His role in the conferences has not yet been announced.

### Articles Be Signed Later

The Japanese are not empowered to agree to terms of surrender. They will simply be getting their orders from MacArthur on what Japan must do to carry the terms into effect. The formal articles of surrender will be signed later.

The Japanese messaged their planes and itinerary yesterday to MacArthur, who had grown impatient at their delays and had sent them a peremptory note to quit stalling and comply with his orders at once.

The Japanese did not say so, but over Santano Cape on the southeast tip of Kyushu their planes will be picked up by 36 Lightning fighters which will ride herd on them to an airfield at Ie Island, west of Okinawa.

Taking off 20 minutes later than the previously promised hour of 7 a. m. the plane was expected around 2 p. m. on Ie, whose personnel in common with those on Okinawa was burning with indignation over the second attack in two days on their reconnaissance planes over Tokyo.

In the second attack yesterday two big U. S. bombers were set upon by 14 Japanese fighters. The bombers shot down two of them, but not until one aerial photographer had been killed and two crewmen wounded.

"If this is the Japs' idea of peace, than I got a few ideas about peace for them," was the way one aerial gunner put it.

At Ie, the Japanese will switch to a waiting U. S. army transport plane which will take them on the five-to-six-hour flight to an air base at Manila—too late to open the conference today.

### Credentials Be Scanned

Instead, their credentials will be examined and then tomorrow they will come face to face with MacArthur, the general they once battled on Bataan and who—they later boasted—would be caught and forced to capitulate after bringing his armies back to the Philippines.

MacArthur's headquarters was keeping many of the details of the conference cloaked in secrecy, for the Filipinos have not so soon forgotten the brutalities of Japan's iron rule in the archipelago.

It is understood that the Japanese delegation will be housed in special residences with a military police guard.

A dispatch from Okinawa had said the envoy plane would set down at famed Nichols Field and it was permitted to report yesterday that the meeting would be held in the conference room of the Filipino president.

Now, however, headquarters declines to reveal just where MacArthur will meet the Japanese or give other advance details.

MacArthur will be flanked by representatives of all the Allied powers when he comes face to face with the agents of that island empire which he has fought relentlessly since those somber days of Bataan.

British and Australian representatives were among the first to arrive, and a three-man delegation representing China's Generalissimo Chiang Kai-shek flew in from Chungking yesterday.

(There has been no report from Manila, however, that the army

## Defies Chiang

Gen. Chu Teh, above, commander-in-chief of Chinese Communist forces, recently sharply warned by Generalissimo Chiang Kai-shek against independent action in accepting surrender of Jap troops, defied the Chungking leader by issuing surrender ultimatums to Jap forces in China's four northwestern provinces. From Yenan, Communist capital, a broadcast accused Chiang of fomenting civil war.

were cancelling out about 30 billion dollars in war contracts. This sudden—and continued—chopping off was throwing millions out of work. Some would have to go elsewhere, some would wait around for their wartime plants to convert back to peacetime output.

Materials—the war production board arranged to wipe out—probably by Monday—all but 40 of its 400 controls over materials that were needed for war.

Coal—army officials said they would release 120 million tons of coal in the next 12 months and that this should eliminate the civilian shortage which they estimated was only 25 million tons.

But officials of the government's solid fuels administration said the army figures were wrong that the shortage might continue to some extent through the winter.

## Missouri Fair First In Three Years On Today

(Continued From Page One)

are the opening, of the John A. Guthrie Stampede, of Gene Autry, Okla., this afternoon and a second performance with the horse show in front of the grandstand tonight.

The voice of George Elliott, veteran rodeo announcer, will be heard over the mike at the championship rodeo, today, Monday and Tuesday.

George, a native of Oklahoma, has been announcing rodeos for 20 years, describing arena events in 21 states of the United States.

He knows every cowboy, his home town and his rodeo record, and his southern voice may be heard telling Missouri rodeo fans about these things at the six performances of the Professional rodeo to be held in connection with the fair.

Although the day has been specified as American Legion day, and many Legionnaires are expected to be on the grounds, there has been no special program planned by them.

**Plenty Of Food**

Mr. Baker states there is plenty of food on the grounds, and visitors may be assured of having their meals.

The fair program has been planned for the entertainment, as well as education of every member of the family. There are exhibits and displays which will be of interest to all, showing the finest products of Missouri, and an opportunity for comparison. The races each afternoon from Monday through Friday will be interspersed by vaudeville acts, performed in front of the grandstand. High school bands from many Missouri cities are to play, several each day.

### Some Attractions

Each night the rodeo performs, Sunday, Monday and Tuesday, it will be followed by the Horse Show. The rodeo is given Monday and Tuesday afternoon also.

Wednesday through Friday the horse show is shown along with Ernie Young's Musical Revue.

The closing Sunday is Thrill Day, the performers former service men and those who worked in defense plants.

Boy Scouts are "running errands" as usual, doing their part towards making the fair a success.

Monday is Children's day, with all children admitted free.

**Baby Health Contest**

Examinations of babies entered in this contest began on the fair grounds Thursday, under the supervision of the State Health Commissioner. They will continue until Tuesday.

**Sedalia Streets Decorated**

The streets in Sedalia's downtown district took on a festive air Saturday, with flags and bunting strung across the streets.

**C. Of C. Finding Rooms**

The Chamber of Commerce is finding accommodations for visitors, who are unable to get into the hotels, and are going into private homes. Homes where rooms are available are listed at the Chamber of Commerce office and Miss Marie Weller, acting secretary, still had many on the list last night.

**Sanction Aid To War Refugees**

(Continued From Page One)

Yugoslavia, but we remember the Ustachi gang of terrorists and we don't want a nucleus formed for another such group."

Lehman, giving the viewpoint of the UNRRA administration, assured delegates that it was his purpose to distribute relief without discrimination. He promised that liaison officers, from the countries whose nationals were receiving UNRRA care, would be allowed to talk with refugees and inform them about home conditions.

The Chinese delegates then announced they would support the resolution. China had abstained from the vote in committee, in which the resolution was passed by a 24-to-4 vote.

A member of the American delegation who declined to be quoted by name, said that one background consideration, which should not be overlooked in weighing the political results of having voted Russia down on the resolution, was the pending Soviet request for \$700,000,000 in UNRRA aid.

This request is not a subject for formal discussion at the UNRRA conference. The British and Americans make no attempt to disguise their unhappiness over the request for such a large sum.

A problem may arise because of UNRRA procedure to send a commission to investigate the financial status of countries which claim they are unable to pay for supplies needed. Russia has not asked for an exception to this policy, but some delegates are dubious to what extent Moscow would be willing to open its books to foreign inspectors.

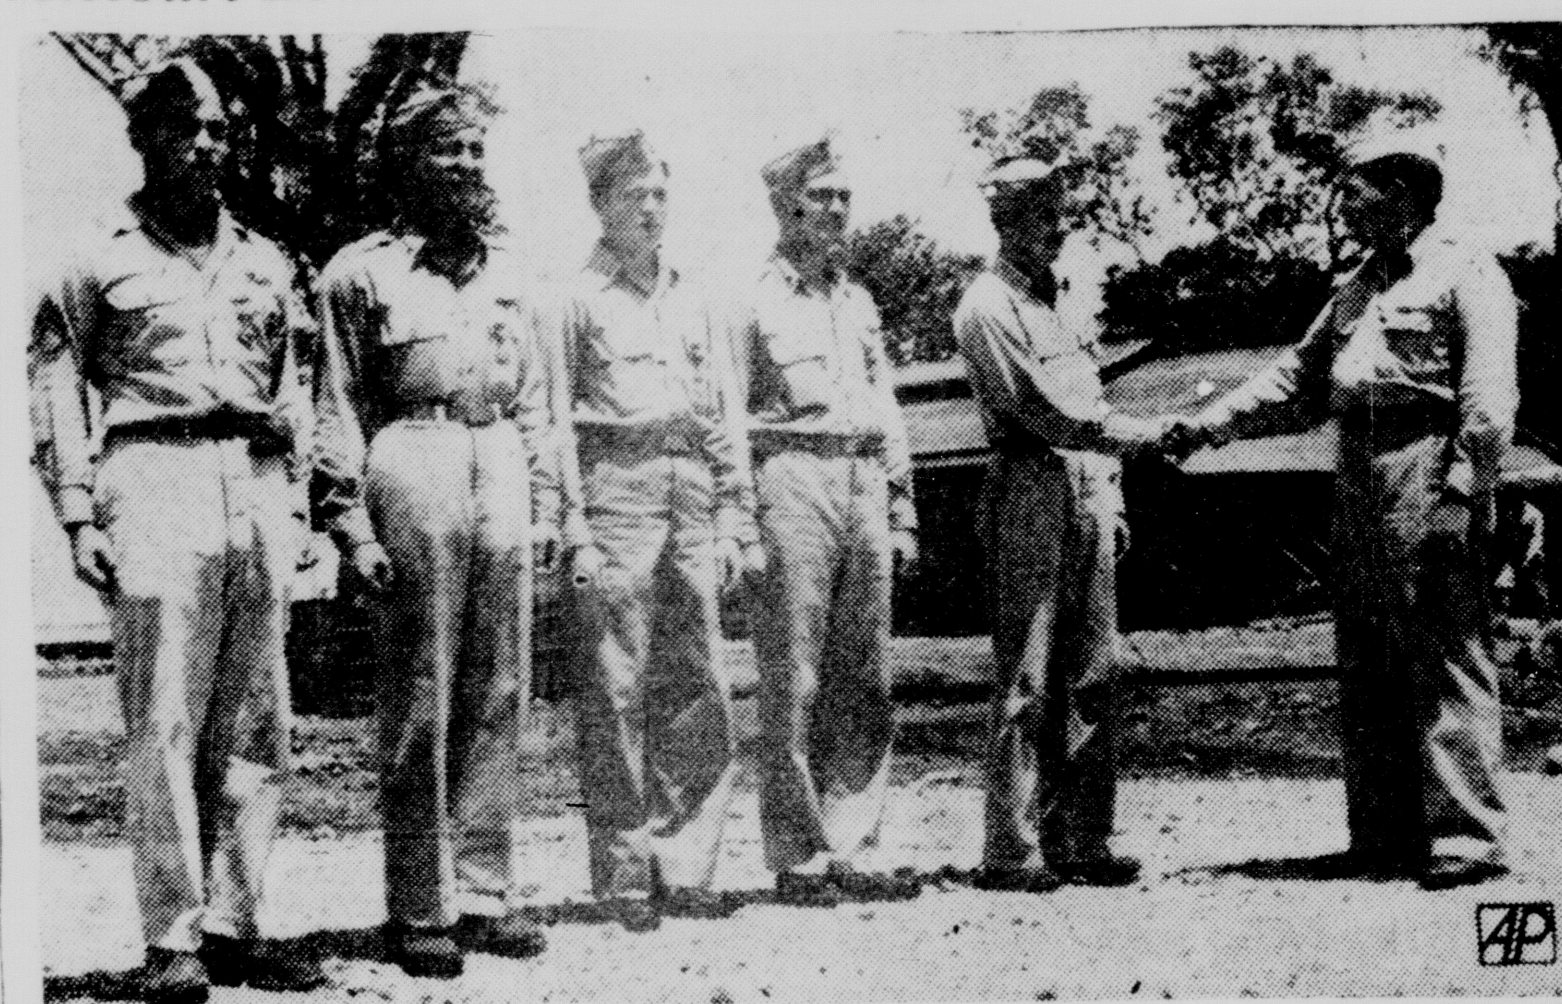

UNRRA meanwhile released figures showing that contributions to date are \$375,000,000 short of the operating program for this year. But, counting the funds promised to it, UNRRA will have a balance of more than \$175,000,000 at the end of the year.

## Members Of The Armed Forces And Veterans Of World War II

The citizens of Sedalia and Pettis County are desirous of erecting a suitable memorial to be dedicated to those who have participated in World War II. It has been proposed that the Memorial should be in the form of a recreational center or a memorial building. Committees from the various patriotic organizations and the Round Table Council of the Sedalia Chamber of Commerce have met and discussed the matter at length and it was decided that the participants in World War II should have the opportunity to express their preference.

## Baseball Schedule Cancelled by SAAF

The remaining schedule for the Gliders' baseball team was cancelled Monday of this week as the loss of players by transfers and the great difficulty of transportation made this the only feasible outlet.

Twenty-nine games were sandwiched into the summer schedule which was knocked in the head by the great amount of rainfall during the early part of the season. The Gliders won sixteen of these and lost twelve, one contest being called in the eleventh inning with the score deadlocked 0-0 and the game never being finished at a later date.

The Gliders outscored their opponents 186 total runs to 147 for an average of 6.4 per game against the opposition's 5.

## Number One War Criminal Discovered

**Commander Of Killers Of Over 100 Americans**

By Wes Gallagher

NUERNBERG, Aug. 18.—The American doughboys' personal number one war criminal was found today by the First Infantry Division ending an eight-month search.

He is the commanding officer of middle group of the First SS Adolf Hitler Panzer division—which murdered more than 100 American infantrymen prisoners near Malmady during the battle of the bulge last December.

The arrogant, six-foot-two Standartenfuhrer (Colonel), Joachim Peiper, 30-year-old former adjutant to Heinrich Himmler, was discovered in a screening of 10,000 SS troopers in the First Division's prisoner of war cage under the command of Maj. Henry Clisson, Syracuse, N. Y.

Peiper's connection with the Malmady slayings had been hidden by the rest of the SS prisoners, but came out under questioning by a team headed by Lt. Paul Heafner, Elmhurst, Ill.

**Hunt Been Intensive**

Peiper had been hunted intensively by the entire American army, which had been investigating in the Malmady slaying as the biggest atrocity of the war against American troops in Europe.

"Boy! we're sure glad we located that fellow," said Clisson, a former combat man. "He's the doughboys' number one public enemy. We feel a personal interest in the case because the men killed once worked with the First Division."

More than 24 members of Peiper's combat team have been uncovered in the screening of SS prisoners gathered in this vast camp just outside Nuernberg.

Peiper denied any knowledge of the shooting, in which disarmed doughboys were lined up in a field and machine-gunned by tankers.

The Nazi colonel said he was not at the scene when the murders took place.

American army officers, however, said records showed that he fought all through the Malmady area and was directly responsible for operations there.

"He is a damned liar," said Heafner "he knew about the slayings and knows exactly who did them."

Heafner was with the 18th airborne corps in the Malmady sector the time.

Mr. Watson resided here several years ago and was employed as a pipefitter at the Missouri Pacific shops.

## Memoriam To E. J. Robinson

A document, signed by President Harry S. Truman, has been received by Noah Robinson, 630 North Osage avenue, referring to the death of his brother, who made the supreme sacrifice in the European war. The document reads: "In grateful memory of Private Ernest J. Robinson, who died in the service of his country in the Southwest Pacific on April 17,

1945. He stands in the unbroken line of patriots who have dared to die that freedom might live, and know, and increase its blessings! Freedom lives, and through it, he lives—in a way that humbles the undertakings of most men.

"Harry S. Truman, President of the United States of America."

## Break for Sgt. Wendy Downey, WAC, Transferred Near Home

Sgt. Wendy Downey, of the Women's Army Corps, who has been stationed at Sedalia Army Air Field since September 5, 1944, and is a former editor of the Troop Courier, weekly base newspaper, left Friday for McClellan Field, Sacramento, Calif.

Her transfer will place Sgt. Downey right outside her home city, for her parents, Mr. and Mrs. Stephen Downey reside in Sacramento. With two brothers and a brother-in-law in the service, Wendy was elated and thankful when the war came to a victorious end.

One of her brothers, Capt. John F. Downey, a combat engineer, was wounded in action along the Rhine and is recuperating in a hospital at Vancouver Barracks, Wash. The other brother, Lieut. Col. Stephen Downey, Jr., G-2, is assistant chief of staff of the 33rd Infantry division serving in the Philippines.

### Niece of U. S. Senator

Their uncle, Sheridan Downey, is U. S. senator from the state of California.

The officers' sister, although qualified to apply for a commission, wanted to serve in the regular ranks. She attended Vassar for one year, holds a Bachelor of Arts degree from Leland Stanford university and had completed a year of post-graduate study at Stanford before enlisting in the WAC on July 11, 1943.

After finishing her basic training at Fort Des Moines, Iowa, first WAC training center, the "lady-soldier" was assigned to Bowman Field, Ky., a Troop Car-

rier Command installation, in November, 1943. She remained there until August of the following year and in rapid succession was transferred first to Malden Army Air Field, Malden, Mo., then to Stout Field, Ind., and finally to SAAF where she was assigned to Public Relations and became well known for her features on various departments and training activities, which have appeared in the Sedalia Democrat-Capital as well as the Troop Courier.

Diligent and keenly interested in her work, she always sought to gain first-hand knowledge of the subject at hand and this led to actual flight experience in a glider—an aircraft many men frankly remark is something they'd rather stay out of.

### On Courier Staff

Sgt. Downey, who has been on the Troop Courier staff since last December, and recently was promoted to her present grade, has a flair for writing and is well versed in literature.

Her early acquaintance with Sir James Barrie's delightful "Peter Pan" was responsible for her name "Wendy," now officially on her birth certificate, but not her original given name. That was Audrain.

The little Audrain was fascinated with the story of Peter Pan and wanted to be called Peter, however, her family compromised on Wendy, the leading girl character in the Barrie fiction piece. So Wendy Downey it has been since she was four years old, and it became her legal name when she entered the army.

Robbins and a host of friends wish him well.

THEY SAY that Sedalia might as well have no ordinance regulating the speed of automobiles, judging from the small attention that is paid to it by some of the males and females who drive the "red devils."

## Sgt. Sprinkle Merits Awards

Mrs. Maude Sprinkle of north of Knob Noster, has received from Austria the Bronze Star medal award her son, M/Sgt. Earl Sprinkle, for heroic and meritorious achievement against the enemy in Germany, and his Good Conduct medal award for good conduct, efficiency and fidelity. Sprinkle, now in France, has been overseas since September, 1944.

His citation, signed by Maj.-Gen. H. E. Dager, is as follows:

"Master Sergeant Earl Sprinkle, Headquarters Battery, 11th Armored division artillery, U. S. army. For meritorious service in connection with military operations against an armed enemy. During the periods December 30, 1944, to January 10, 1945, and February 17, 1945, to May 8, 1945, Sgt. Sprinkle served as operations sergeant. Through his devotion to duty, leadership and strict attention to military details, Sgt. Sprinkle kept the headquarters operating smoothly in spite of long hours and difficult field conditions. His services were in keeping with the highest traditions of the U. S. army."

## Remove Controls Over Plumbing

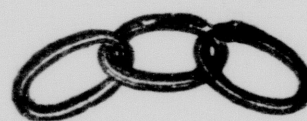

WASHINGTON, Aug. 18.—(P)—The war production board Friday removed distribution controls over plumbing, heating and cooking equipment.

Controls no longer are needed, the agency said, because manufacturers now are returning to civilian production.

The revoked order restricted the sale of furnaces, boilers, radiators and water heaters to priority orders and for necessary replacements.

## Jap Zero Plane Schedule Is Changed

It Will Not Arrive In Sedalia Until Tuesday A. M.

Due to a last minute change in schedule, the Jap Zero fighter plane will not arrive in Sedalia until Tuesday morning and will be placed on exhibit at the Missouri State Fair at that time.

The plane exhibit, sponsored by the Marine Corps League, is drawing unusually heavy response and is being held over two days in Little Rock, Ark. to accommodate residents there who are getting their first glimpse of this Jap symbol of aggression.

Technically known as the Mitsubishi OO, this type plane is referred to by our men who have engaged the plane in combat as the "Zeke." It was shot down during an aerial battle in the South Pacific area and was brought to this country for tests and observation by the U. S. Navy Bureau of Aeronautics.

### Loaned To Marines

The plane was loaned to the Marine Corps League for this exhibition to raise funds for the enlisted men of the U. S. Marine Corps and their dependents by means of a small admission fee which is charged to see the plane.

A special ramp, constructed over one of the wings, enables visitors to obtain a good close-up of the cockpit which contains many of the original instruments, calibrated ironically, in both Japanese and English letters.

The 1400-horsepower motor is to be seen as are the unique folding wing-tips and the Japanese insignia describing the ship. The motor, incidentally, is a direct copy of the British Armstrong-Siddeley Tiger 7 which is very much like the American Pratt-Whitney motor.

### Barn Dance At Clifton City August 27

All who wish to attend are asked to register at the U. S. O.

tered service on May 6, 1942 and was with the 7th Air Force. He served overseas on Wheeler Field, Kauhaku Air Base, Canton Island and Hickam Field Air Depot. In civilian life he was heavy equipment operator for the Chicago and Northwestern railroad.

### Steel And Aircrafts Hit A Decline

By Hudson Phillips  
NEW YORK, Aug. 18.—(AP)—Wall Street went back to work on Friday after two days of victory celebrating and decided rail stocks were too high.

Utilities, steels, some metals and aircrafts were off lesser amounts. A few motors, building materials, chemicals and rubbers managed fractional gains.

Radio Corp., American Radiator and Certainite finished the week at new 1945 highs.

The Associated Press 60 composite lost 1 point and closed at 64.0 on Friday. Rails on average lost 2.6 points to finish the week at 37.4. Industrials fell 3 of a point to 85.6 and utilities were off .2 at 45.7.

### Dogs Help Vets Regain Health

Photo by Pauling A.P. 4-4

DOGS have been used so successfully in therapy work with veterans at the Army Air Forces Convalescent Hospital at Pawling, N. Y., that recently a call was issued for 325 more canine companions.

Each veteran who consents to the idea is presented with a dog as a gift and is taught how to train, feed and care for his pet. The result is a new and reviving interest for the veteran. One whom the doctors thought would need 10 months to recover walked out in four months after being given a puppy to worry over and enjoy.

### IN THE SERVICE

Staples, 26, storekeeper, third-class, USNR, 724th South Fuller street, Independence, Mo., whose wife, Mrs. Kathryn Staples, lives at 1406 West Lexington street, Independence, is one of the storekeepers attached to the supply department of this mighty new naval base on the Pacific outpost. ### Happy To Be Coming Home From Pacific

Kenneth Holman, with the radio division of the navy, writes his parents, Mr. and Mrs. O. W. Holman, 1413 East Seventh street, from someplace in the Pacific. He writes in part:

August 5, 1945  
"Dear Mother and Dad:  
"I'll write a few lines to let you know that I am still around, and right at the present very happy. I will start for home on the sixth. However, we plan on laying over a few days in Hawaii before making the rest of the trip. Then there will be a few days' delay on the west coast before I really start home. But at the most, I should be in Sedalia within three weeks.

"I am hoping against hope that Rufus will be there when I get home, also some of the guys my age. Never-the-less, I will be very happy just to get to see you and Dad, and maybe, if God is willing, I will get stationed close enough to home that I will be able to get home a little more often. x x x

"A few months in the states will do me good, because I am getting pretty nervous, and can tell it. However, I must admit I have been very fortunate so far in this war, and thank God for looking after me. Because I know there aren't many fellows with overseas duty who haven't been injured at least once. So I feel that it isn't all just mere luck that I have been able to go nearly three years without as much as a scratch.

"Well, I don't have any more news to write, and wouldn't be able to write it anyway, so I will close.

"Kenney."

### Rally Is Staged On Grain Futures

By Willard Robertson  
CHICAGO, Aug. 18.—(AP)—Grain futures rallied today after a continuation of peacetime jitter caused some heavy liquidation in early trade.

Rye closed steady to 1 1/2 cents a bushel lower after being off more than 2 cents in early trade. Wheat and oats lost about a cent before recovering for fractional gains.

Corn was off fractionally on selling attributed to favorable growing weather. Wheat closed 1/2 cent lower to 3/4 cent higher than the previous finish. September \$1.62 1/2, corn was off 1/4 to 1/2 cent. December \$1.13 1/2, oats were 1/4 to 1/2 cent higher. September 57 1/2 to 57 1/2, rye was unchanged to 1 1/2 cent off. Sep-

### BPWC Party At Country Club

A program of varied games and entertainment was provided for the social meeting of the Sedalia Business and Professional Women's club, Thursday night at the Country club. Mrs. Virginia Flower Hayes was chairman of the committee in charge.

Opening the entertainment was a reading, imitation of a professor, by Mrs. Frank Wagner. A hat trimming contest followed. Miss Sarah Yarnell, Mrs. Regina Frank and Mrs. Florence Elliott were chosen to trim the hat—Mrs. Ruth Riley, Mrs. Everett White and Miss Freda Mueller, as the models. The trimmers were given three hats and quantities of feathers and other trimming. Mrs. Frank was decided to be the best trimmer, Miss Mueller the best model.

Mrs. E. F. Yancey led the "Gay 90s" singing, which included an impromptu whistling number by Mrs. Marie McClure.

Mrs. Virginia Rose Moore, appearing in costume, gave a humorous reading.

In the game of "Put and Take" awards went to Mrs. William Grady.

Refreshments were served.

The banks of Sedalia will close at noon Thursday, August 23, so the banks personnel may attend the Missouri State Fair.

### Announcement

Samuel P. Harlan wishes to announce that he has resumed the general practice of law associated with Earl T. Crawford as partner in the firm of Crawford & Harlan, after government service with the Office of Price Administration, as Attorney-Examiner for the Sedalia Defense Rental Area of Pettis and Johnson counties.

### Top-kick

Peggy Hawkins, above, was selected by non-commissioned officers stationed at Atlantic City, N. J., as "the sarge we'd like best to take orders from." And what non-com would want to get technical because her top-kick's chevrons are sewed on upside-down?

### Red Cross Corner

This week, and the week following have been and will be characterized by the visits of two representatives from the Midwestern Area office. The former, Miss Flora Williams, home nursing consultant, spent Thursday, Friday and Saturday in Sedalia and met with Mrs. E. F. Yancey, chairman of Nurse Aides and her committee. She also met with Mrs. J. Emmett Hurley, chairman of home nursing and her committee. With both chairmen and groups of volunteers, Miss Williams discussed the programs for the following year. Miss Mary Virginia Goldman, home service representative, will be in Sedalia August 23, 24 and 25. Miss Goldman will meet with Mrs. Herbert Seifert and the other representatives of our home service corps.

Relative to the home service program of the coming year, the Red Cross office would be exceedingly gratified to receive, on a loan basis, a divan and two comfortable chairs. We will say here and now that these are not for the use of the Red Cross workers, but for those who come to the Red Cross office for all services to which they are entitled. Some are old, some are ill, some are infirm. Frequently, it is necessary for them to stay in the Red Cross office a long time, in order that their papers may be filled out, and that certain forms, and applications may be completed. For them, to be able to sit in a comfortable chair, would be pleasant. The furniture will be kept in good condition and will be returned when the need for it is at an end.

To tens of millions the world's worst war is over. Thanks to the heroic and faithful efforts of the members of our armed forces, those of us in the United States were spared much of the horror and suffering visited upon the inhabitants of many other lands. But there is another battle that has just begun: that of picking up the pieces of a shattered world and fashioning a new and brighter one.

Among the agencies that will necessarily be in the vanguard of the rebuilding process is the American Red Cross. Already, the Pettis County Chapter has been reorganized for its postwar duties and activities. Our office handles claims for hospitalization, pensions, and other legal benefits. Assistance to families of veterans as well as those of servicemen, will also claim a large part of our effort. Our chapter recognizes that hundreds of men returning to this community will look to the Red Cross for advice, information, and assistance. Our Home Service program will carry on without interruption.

**Stomach Outlet Obstructed**

The outlet of the stomach is surrounded by a circular muscle which prevents emptying of the stomach only under certain circumstances. Any condition that retards proper emptying of the stomach will cause pain, gas and excessive secretion of gastric juice which adds to the bulk and causes further irritation of the stomach. The pains reflexly affect the gallbladder, kidneys and appendix. In infants spasms of the pyloric sphincter frequently causes vomiting and malnutrition.

Tumors, ulcers, gall stones and infections can cause obstruction the same as pylorospasm and results in extensive harm.

Muscle cannot contract unless the nerve supply causes it to do so; it does not over contract (spasm) unless there is excessive nerve stimuli. What, then, causes it to be over active and in spasm? It can only be from irritation of some nerve at some point. Chiropractors know where the nerves can be irritated to cause spasm of the muscle surrounding the outlet to the stomach and know how to remove that irritation. When the irritation is removed the stomach will empty normally.

Cases can be cited which were practically starving from failure of the stomach to properly empty itself but regained normal digestion after chiropractic adjustments, which proves the correctness of our reasoning. Chiropractic reaches more conditions than many people realize. Why not try it?

Baker, secretary-manager of the fair, who said the contest would take place Saturday afternoon, August 25, at 1:30 p. m. in front of the grandstand.

"This contest is being staged to ascertain and demonstrate the proper method of training and conditioning horses and mules for work," Mr. Baker said. "It will also encourage horsemanship in fitting harness and in driving, and will demonstrate the maximum pulling capacity of the horse and mule," he added.

E. A. Trowbridge, Columbia; J. U. Morris, Sedalia; and Howard Bullocks, Windsor will be contest judges. E. M. Woods is timekeeper.

**Boy Scouts Are On the Job**

More than 125 Boy Scouts, chosen from district councils all over the state, will attend the fair, and will assist fair officials in policing the grounds, in ushering, ticket-taking, and in the parking of cars. Secretary-Manager, Ernest W. Baker has announced.

During their stay at the Fair Grounds, the Scouts will be quartered in Camp Colin P. Kelly, Jr., a special section of the grounds reserved for this purpose. Scout headquarters will be in the old State Fair Dining hall, where Scoutcraft exhibits will be displayed and where their meals will be served.

**Veterans Have First Choice of Jobs**

Until further notice the United States Civil Service Commission will not receive any applications for employment in the Federal Service except from those veterans who have the right to have examinations reopened.

The commission has taken this step, according to a statement issued today, in order to make sure that any vacancies which develop in the Federal Service will be filled by returning veterans or by persons who are about to be or have been separated from other positions in the Federal Service.

"The Federal Government as an employer, stated the commission, 'must set the example in providing the members of the armed forces who are coming through our separation centers today with the maximum possible opportunities for employment.'

**LISTEN!**  
by Jim Carson

"DAVID ANDREWS" SPELLED BACKWARDS is "man of a thousand voices." KMBC's popular announcer is just about as versatile as any you will find in radio. In recent months alone, David has taken such character parts as mimicking a Frenchman, a German, a Russian, a Japanese, one of "Dem Bums," and a juvenile. He sang on "Rhymeline Time" (KMBC-8 a.m. Mondays thru Fridays), and imitated Frank Sinatra on a Sam Molen sports show.

THIS, MIND YOU, IS EXTRA STUFF in addition to his regular activities as one of KMBC's staff announcers. You hear him as the voice which weaves together the early morning songs of the "Texas Rangers" (Mondays thru Fridays, 7 a.m.); reads "poems" on Rhymeline Time; introduces "Joanne Taylor" to her 9 a.m. quarter-hour each weekday morning; and alternates with Terry McGrath on the "Dinner Bell Roundup."

YOU'LL FIND A VETERAN'S BUTTON IN DAVID ANDREWS' LAPEL, having joined up with Uncle Sam in March after Pearl Harbor. Before putting on his Army uniform, he was holding down a job in the production department of a prominent advertising agency in little old New York. Quite an active life for a "youngster" of 23, but certainly a typical example of what KMBC announcers are made of!

IT'S ALWAYS FAIR WEATHER WHEN OLD FRIENDS GET TOGETHER. The sun was sure shining the other day when Louisiana Lou arrived back at KMBC after an absent period of slightly over a year. During this time, she has appeared at other nationally famous shows. Her host of friends remember that Lou joined up with the Brush Creek Follies the day after Pearl Harbor in '41. Radio itself has known her now famous yodel since 1928!

THIS SUNDAY SEES THE START OF A NEW SERIES of programs to be known as "The Voice of Your Public Library." The weekly formative five minutes about the varied services of Kansas City's public library will be heard at 12:25 p.m. under the direction of Dorothea Hyle. The "Radio Theatre" is being readied for another season of great performances (KMBC—Mondays, 8 p.m. The opening night will be August 27th—the show, "Practically Yours"—the stars, Claudette Colbert and Ray Milland.

That appears to be 980 from here.

## Kiddies Can Ride Shetland Ponies

Probably the most popular feature on any big midway is the tan-bark pony race track with real shetland ponies for the smallest tot to ride. They are all trained to be quiet and trot at the speed the kiddie likes. This is but one feature on the "World of Today" shows coming to the 1945 Missouri State Fair, Sedalia, for one week starting Sunday, August 19 to August 26. The mile-long midway, brilliantly illuminated at night, will be at the State Fair Showgrounds.

### Fast-Moving Musical Revue

The Ernie Young Revue, which will be a feature of the night grandstand show at the Missouri State Fair which opens today, will present sixty talented musicians and entertainers in their nightly performances Wednesday through Sunday of Fair Week.

The fast-moving, kaleidoscopic combination of gorgeous costumes and brilliant lighting is one of the most vivid, colorful, and scenic effects ever presented at any state fair in America.

Ernie Young, often referred to as "The Ziegfeld of the West," was the first producer to conceive the idea of presenting huge musical revues at fairs. A portable stage measuring 3,500 square feet and a scenic background 250 feet long are but a part of the "props" of this gigantic attraction, booked by the Missouri State Fair.

With every type of entertainment to appeal to men, women and children of all ages, the show includes a beautiful chorus of sixteen dancing chorines, a sextette of singers, internationally-known dancing teams, solo dancers, musical acts, comedy acts, and animal acts, cleverly presented in a unique manner.

#### COMBINED

Cold and heat waving, a spray of oil and solution, 1 to 3 minutes of steam. Popular prices. Cold Waving.

### Unique Shows At the Fair

Displays and exhibits stressing the aerial might of the U. S. Army Air Forces, a miniature replica of Ringling Brothers Circus, and Uncle Ezra's automatic model farm will be among the special attractions of the fair.

The mechanical circus, which circus-owner John Ringling once said was "just like the real thing," duplicates completely with moving figures and animals, "The Greatest Show on Earth."

Among the more unusual displays will be Uncle Ezra's Farm, brought to the grounds by E. H. Thomas. The model is nine by six feet long, required seven years to build, and is valued at \$10,000. All the farm's figures and equipment operate automatically by electricity in a most life-like fashion. Men seventy years old, or older, will be admitted free.

## Medal Design Requires Time

ARMY TIMES.—Preparation of designs for the new "Victory Medal" authorized by the act approved July 6 and drafting of regulations governing its award probably will require some time. Officials of the Adjutant General's Office told ARMY TIMES this week.

Since the medal is for general award, Navy, Marine and Coast Guard, as well as Army officials, must reach agreement on design and regulations.

The enabling act merely directs the Secretaries of War and the Navy "to procure . . . A medal (and suitable appurtenances) of design and official designation jointly approved by them, to be awarded to all persons who shall have served on active duty in the armed forces of the United States or of the Government of the Philippine Islands at any time during the period beginning Dec. 7, 1941, and ending with the date of the termination of hostilities in the present war, and whose service shall have been honorable."

### A. T. Stewart Is Found Dead

Mr. Stewart, who had come to Galveston on a business trip, checked in at the bathhouse at 9 o'clock, records showed. His body was found by other bathers a little more than an hour later. Identification was established by Missouri Pacific officials here.

Surviving Mr. Stewart is his wife, Mrs. Zell Wilson Stewart, of 406 Clara Street, St. Louis, Mo.

#### Mrs. Warren Goes To Daughter's Home In St. Louis

Mrs. Belle Warren, who has been seriously ill since April, when she suffered a stroke, was removed last Sunday to the home of her daughter, Mrs. Ed Green, of St. Louis, in Ewing's ambulance.

## Philatelic Exhibit Will be Interesting

Always an interesting exhibit at the fair is the Philatelic display, under supervision of Mrs. Arthur M. Bratten, of Sedalia. A grand award will be made for the frame or exhibit which, in the opinion of the judges, is the most outstanding in the exhibit, irrespective of classification, or value. H. O. **MacLeish And Holmes Resign**  
**Been Assistants In The State Department**

WASHINGTON, Aug. 18—(AP)—Archibald MacLeish, poet-librarian, and Julius C. Holmes, soldier-diplomat, resigned Friday as assistant secretaries of the state department.  
Their resignations, accepted by President Truman with words of thanks for their service, followed swiftly on another important state department change.  
Only yesterday Mr. Truman accepted the resignation of Undersecretary of State Joseph C. Grew and the choice of Assistant Secretary Dean G. Acheson to succeed him.  
Thus Mr. Truman and his new Secretary of State, James F. Byrnes, have three assistant secretaries to fill with new appointments.  
Holmes and MacLeish were both members of the "team" which took office last December when Edward R. Stettinius, then a new secretary of state, reorganized the department.  
MacLeish, 53-year-old Pulitzer prize-winning poet, resigned as librarian of congress to become the state department's assistant secretary in charge of cultural and public relations. He was the first to have such a title.  
He served in the army in the last war, finishing as a captain.  
In 1941, MacLeish became director of the office of facts and figures, forerunner of the office of war information.  
In his state department post, MacLeish concentrated on acquainting the American public with the programs or world economic and political cooperation.  
Byrnes told MacLeish, in a letter addressed to "Dear Archie," that he could be "justly proud of what you have done to make the idea of the United Nations a reality in the minds and hearts of the American people."  
MacLeish has told friends he was eager to retire from public service at the close of the war to devote his full time to writing.  
The 47-year-old Holmes left the civil affairs staff at Gen. Dwight D. Eisenhower's headquarters in France and put aside

his brigadier general's uniform to become assistant secretary in charge of administration in December.  
Prior to the North African invasion in November, 1942, Holmes made the famous submarine trip to Algeria with Gen. Mark W. Clark to arrange cooperation with pro-Allied French leaders.  
In a letter addressed to "Dear Gen. Holmes," Secretary Byrnes referred to the "distinguished services you rendered to your country in your war assignment overseas."  
Byrnes said he realized that Holmes accepted the assistant secretaryship "only as a change in your war assignment desired by the commander-in-chief."  
"In these circumstances," said Byrnes "I do not feel that I should stand in the way of your desire to return to private business." It was believed Holmes might return to the General Mills Corporation, in which he was a director and president of that firm's Brazilian branch prior to joining the army as a major in 1942.  
Born in Pleasanton, Kansas, Holmes attended the University of Kansas and engaged in the insurance business before joining the United States foreign service in 1925.

Her sister, Mrs. Charles Kahrs of Sedalia, who spent the past winter in Puebla, Mexico, with another sister, Mrs. Irvin Raut, and Mr. Raut, was a guest and gave a description of the country and its people, displaying handiwork she had collected while there. The hostesses, Mrs. Peithman and Mrs. S. A. Suies, served refreshments, after which the vice president, Mrs. H. C. Schlusing, had charge of a short business meeting.  
Miss Mary Elizabeth Wimer is visiting in East Prairie with Miss Emma Lou Shelby.  
Miss Louise Peithman is visiting in Albany, Ga., with Miss Jayne Powell. They were classmates in Asbury college, Wilmore Ky.

## SAAF Exhibit At State Fair

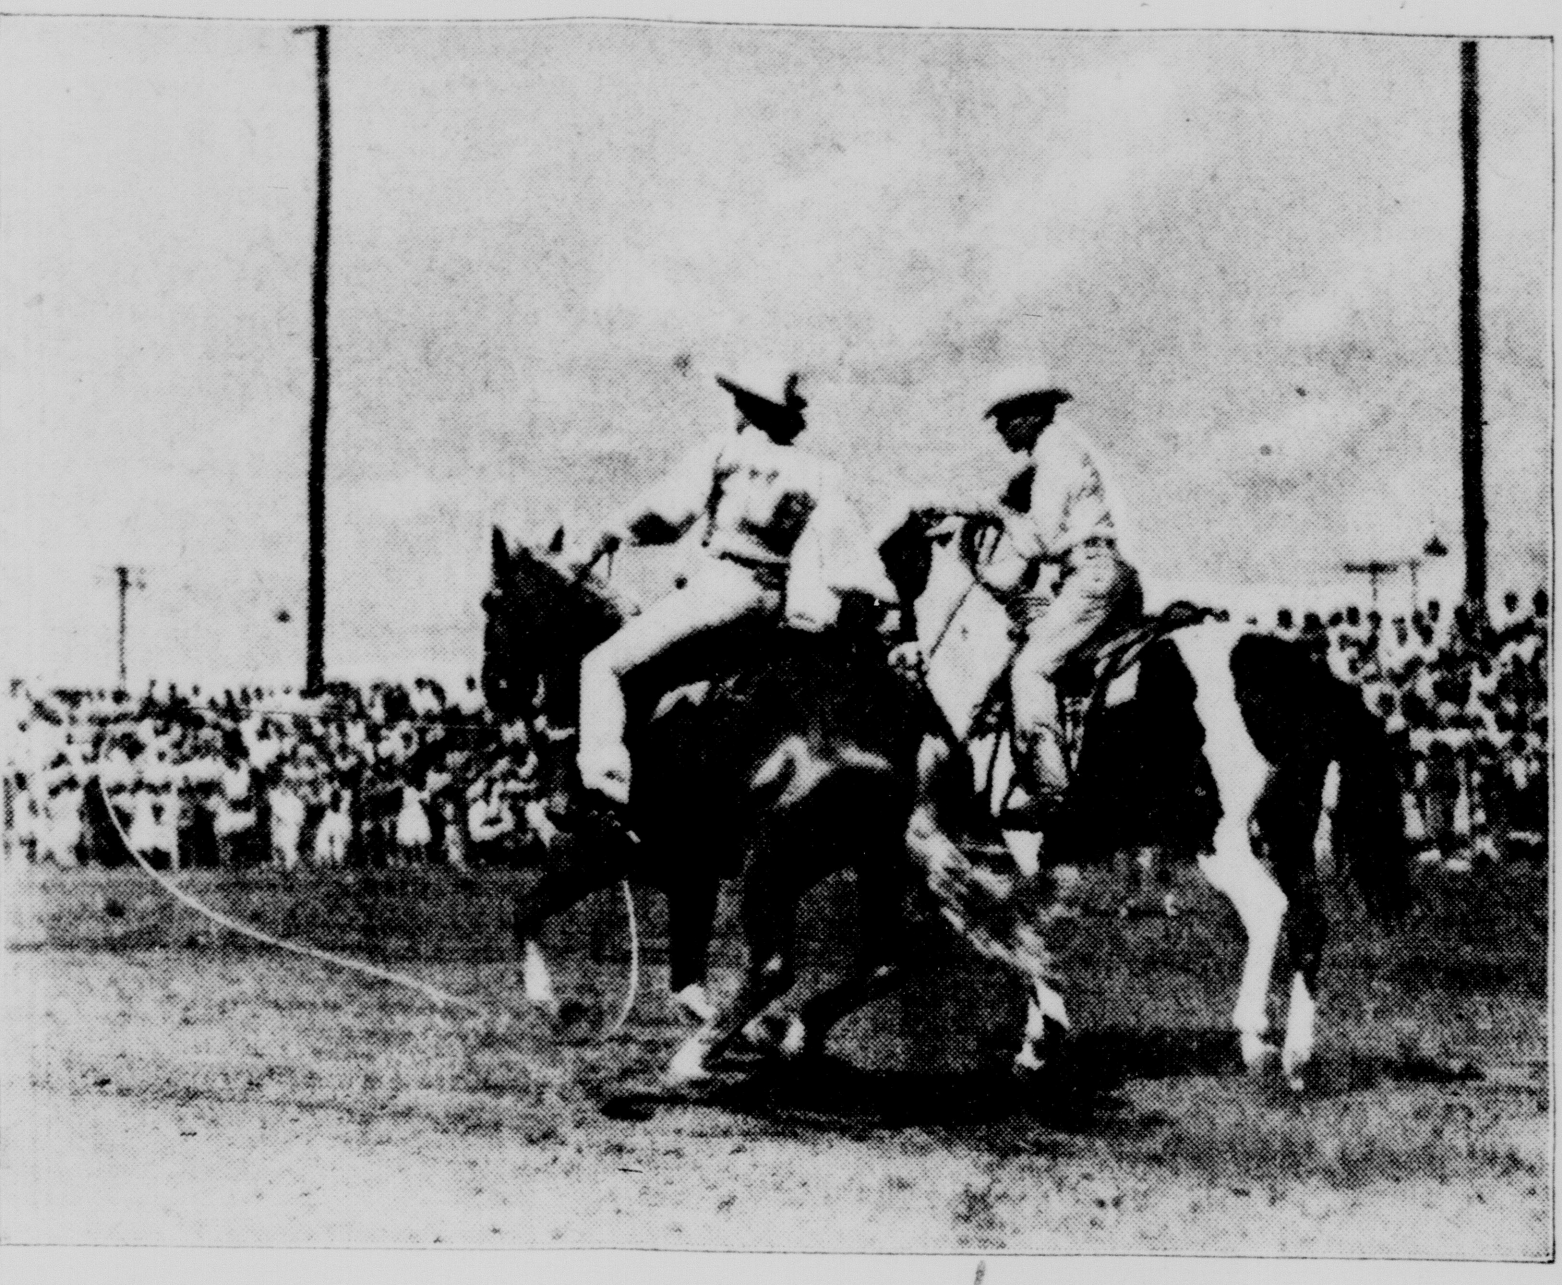

Troop Carrier Command goes to the Fair this week as SAAF, in special tribute to its neighbors in Missouri, displays its ware at the Missouri State Fair.

The exhibit, housed in the Varied Industries Building on the fairgrounds, will feature the component parts of Troop Carrier Commands Airborne attack and will open to the public from August 19 through August 26.

SAAF's Ordnance, Chemical Warfare, Personal Equipment, Paratroop, Signal Supply, Hospital and Navigational Training departments are moving the bulk of their display and training equipment to the fairgrounds for this demonstration. The public will, in this unprecedented showing, be privileged to see what makes Troop Carrier tick and will have everything explained to them by qualified men of each department.

In addition to the eye-filling exhibit, it is hoped that a CG4-A Glider can be placed on display in the area immediately adjacent to the Exhibition Hall housing the demonstration.

The rodeo funny men, who convulse the crowd with their silly antics, are not always so funny as the cash customers think. This picture shows a rodeo clown antagonizing a vicious Brahma bull, while the thrown rider made his escape from the arena.

**MFA Under The  
Grandstand**

For the first time in the forty-three-year-old history of the Mis-souri State Fair, all of the ex-hibition booths directly beneath the 410-foot grandstand on the Fairgrounds have been contracted for, and by a single exhibitor, the Missouri Farmers Association, whose state headquarters is located here.

It will also be the first time in nearly twenty years that the MFA has exhibited at the Fair, according to Roy L. Reed, of the MFA Farm Supply Department, who is in charge of the twenty different booths in which various phases of the MFA will be shown all during Fair Week, August 19-26.

Nationally-known manufacturers of farm supplies handled by the MFA for its members will display their products.
